

Govt.

Do you and the rest of your establishment Republicans take brain dead pills every morning? What is wrong with you? You establishment Republicans apparently don't ever want to win the Presidency any more! Don't you get it? We the conservative people are FED UP with you! Trump is highest in the polls BECAUSE he says the TRUTH and is not Politically correct! We are sick of PC! It's killing our country! We want a President that will speak out and stand up for the truth, what's right & this country! You and the rest of the Republicans (establishment) are so worried about any names you're called or lies about you & so worried you won't get the black or illegal votes you give up all your values and try to get Democrats to like you (none of them will like or vote for you) and you have no values any more! The problems in this country →

Are because of Democrats!
The reason Republicans are
partly to blame is because
they have been Chicken asses!
Obama is a traitor and also a
dictator! The Democrats are
trying to destroy our country!
But you can't have the guts
to slap them - or you also
want to destroy the country!
Aliens become illegal when
they cross the border illegally!
If they want to come here,
they should come legally!!!
We must be a country of
laws & they are breaking them
and you Establishment Rep's
are helping them!

I'm voting for Trump because
of all you Establishment Rep's.
You'd better wake up! I won't
vote for anyone you want me
to! You're an idiot!
