roxella1984 Please reopen state parks & campgrounds! 🙏

supagooba @roxella1984 Yes by all means let's put our park rangers and game wardens at increased risk
Simply because two weeks being shut down it's too difficult

mikejones10nov75 @supagooba danger from sunburn?
at 22:42:54 on 4/21/2020 UTC

supagooba @mikejones10nov75 you sir are proof that stupidity can kill. If you were a wee bit smarter you would know that national parks were originally opened and even waiving entry fees until park rangers started contracting COVID-19. You're sure stupidity shows in the shirt you're wearing in your picture. Trust me Jesus would not love your guns he was non-violent. But don't worry we don't expect much from you

seymour3chris I remember golden sunrises before the accumulation of particulates and gasses in our atmosphere.
