Lynn Strickland Clark If you've never been to a park before, it's hard to know which site will work best for you... this way you can see the pictures and get a better idea....

South Carolina State Parks Lynn & Nancy some parks do have pictures of all of the sites to look at when going into the online reservation system. We are trying to get all of the parks on board, but as you can imagine, getting the photos taken takes some time. Thanks!

Carol Pearson Calhoun Falls is a wonderful place to camp. It has been about 5yrs since our last visit but, we do plan to go back next year!

Diana C. Chavis Thank you again for doing such a great job in getting the pictures. Like Lynn said I wish this could be done for all the State Parks. But, I know it will take time. But, you see this is what the people want and maybe it will bring in more business for the State Parks. Next time I go to a State Park I will try to take pics of the campsites and post on the site.

Nevada Hill What about the bath houses at this park? Year last updated, etc. I tent camp and I'm very picky about bathrooms.

Laura Wheaton Jones LOVE THIS! Keep photographing the sites. It definitely makes it easier to choose when you haven't been to the campground.

Christina Bridwell This is a beautiful park ! had a great time here last year ! Wonderful memories !

Neal Cox These sites set are the best we have been to by far. The lake beach was a bit disappointing though. I do wish the was a longer pier and some paved and mountain bike trails. If you had these sites with James Island County parks amenities and a pool that borders a beach like Edisto - that would close to a perfect campground!
