Kurt,

Why are we waiting to have a "set direction" two years after the bill passed? We have literally discussed this for two years and we are no further in the process.

I am appalled that we are not further along than when we started. Is DOR intentionally dragging their feet?

I hope we can have some clear cut answers by Thursday.

Sincerely,

Wendy Nanney
SC House of Representatives
District 22

Carrie, my apologies to everyone for last week's call. I thought I had provided for the meeting, but there was some miscommunication our end.

I have provided the results of my efforts to DOR leadership. I have been assured that we will have a set direction on this within the next week.

I will keep the call on the schedule in the hopes that I will have this direction to provide to you.

Thank you for your patience. I am driving this to resolution as quickly as I can.

Kurt
