Subject: Family Unclaimed Inheritance Very Urgently 9th Dec 2016.

Good day ,

I am Philip Martins. I have emailed you earlier since without any response from you. On my first email I mentioned about my late client Kenneth Adams, whose relatives I cannot get in touch with. But both of you have the same last name so it will be very easy to front you as his official next of kin.

I am compelled to do this because I would not want the bank to push my clients funds into their treasury as unclaimed inheritance. If you are interested you do let me know so that I can give you Comprehensive details on what we are to do.

Yours faithfully,
Philip Martins (Atty).
