In state parks, we love our friends and volunteers! Here's one of our very special volunteers -- Ms. Rho Anderson! She is a member of the Friends of Huntington Beach State Park and is an all-around super woman! She participated in the marsh clean up as part of beach sweep. She also volunteers at the park in the nature center and Atalaya visitor center. Her enthusiasm for the park is an inspiration for us all. If you have a park located near you and you would like to volunteer, contact the park manager. We'd love to have you!
