Hello!

Looking forward to getting you up to speed on India. It should be an extremely busy but great trip.

As discussed, a friendly reminder to please forward all India correspondences to me so that I am fully able to keep track of all communications that are going on surrounding the trip. Depending on the person and/or issue, I will bring in Ford and George (or both) in my follow up discussions with those people. I will definitely be cognizant of the relationships that spur the contacts, but we need to make sure that Commerce is aware of all correspondences and keep them consistent across the board. Since it is such a sensitive trip, we all know that special care must be taken. In situations where it makes sense or is necessary for you to participate, we will definitely make sure to include you. BUT, I know how busy you are, and want to make the best use of your time and not force you to get bogged down in simple planning endeavors. Our team (myself included) is fully committed to the success of this trip, so rest assured that it's going to be fantastic!

I know that Courtney passed along a contact of the Governor's (Peter Shah) that Governor Haley spoke about in our meeting. We reached out to him a few weeks ago and Ford & I have a call set up with him to talk about his contacts and companies. I'll let you know how that goes once we talk to him so you can pass the word along to Governor Haley.

I'll look forward to receiving those emails from you soon! Hopefully Ford and I can touch base at the Heritage with the contact who you were talking about, so I'll try to reach out to her as soon as I get her info.

Thank you!
