

Dear Fifty-one state officials:

11/21/2015

I need your reply, Yes or no, Call Bei Chang (650)279-3559 or email beichang@sbcglobal.net. Please help me, same as help cancer and all kind of disease patients in the America. I can heal 100 cancer patients in two hours pray, let me prove. The world's only me, from childhood, I overcome the demons, God want me learning two Commandments, by the slogged three decades after God divine the Holy Spirit to me. All the evil spirits sawing my Holy Spirit shall flee, I have recovered more than 40 disease patients. You want more understand me, read my website: www.changhealcancer.com

No reply, I had sent little to fifty-one state officials and waited for three weeks, According to newspaper report:" All cancer patients deaths every day more than a hundred". Cancer patients sorrow and spend large sums of money to hospital, the whole family hardship. Do government officials not care? you do not believe that my Holy Spirit can, why you believe in God for?. In the Bible, twelve Apostles and Paul because the Holy Spirit, They can heal and drive ghost away. why refuse me? Why do not let me prove? I had recovered 40 human disease patients,

Unfortunately, I have sent a letter a dozen times: "The two hours of prayer, cancer disappeared, disease recovery" 'had no response,

(1). The doctor simply to make money, regardless of cancer death. All cancer patients wait to die Why do not look for me ? (2). The American Cancer Society simply need human donation money, why did look for me to prove, because they do not have love with cancer patient. The officials of the United States know no one of the doctor can heal cancer patients, because doctor cannot fright to evil spirit, why did not look for me? (3). the Government has the ability to help me, why ignore me?

EXPERIENCE

Cure cancer; If the cancer patient believe me, or let me try, that evil spirits disappear after ten minutes, two hours after pain relief. One week tumor will slowly lose blame. If cancer patient did not know me, but sleep in my house one night, same as heal.

If the cancer patient hear from relative that I can heal, their inside evil help them make many excuse to reject me, for example, I am fine thank you. If I saw cancer patient, I talk her that I can heal your cancer in two hour pray, their inside evil will help make many excuse to reject me . For example, I make appointment with doctor for treatment next week, I am fine thank you. They so scare and run away from front of my face.
