### South Carolina State Parks

at 12:07:01 on 6/05/2018 UTC

Have you heard them? The frogs have been calling after dark for months now in our state parks, and maybe in your neighborhoods. At Paris Mountain State Park we've been hearing the low "jugarum" of the bullfrog, the high-low "quacking" of the green tree frog, the quick "buzz" of the Cope's gray tree frog and the long "WAAAH" of the Fowler's toad. Do any of these voices sound familiar to you?
