Hello Tony,

[Plan to stop by the Harmony booth at the AiA Conference \(#212\)](#) to experience a 10-minute demonstration and see for yourself how our solutions simply solve complex problems.

Not registered? No problem! The exhibit hall is open to the public Wednesday, March 25, from 9:00 a.m. – Noon.

9:15 am: Mobile Level 2 Assessments – *See the latest in cutting-edge mobile assessment technology. With more professionals than ever conducting assessments of aging consumers in homes, hospitals and other care settings, the use of smarter assessment technology is key to productivity in the field.*

12:45 pm: Optimizing Care Transitions – *For community-based organizations (CBOs), implementing successful care transition programs across multiple payers can be a challenge. Learn how CBOs are effectively leveraging technology to maximize coaching productivity, improve intervention quality and provide critical analytics.*

1:00 pm: No Wrong Door – *See how purpose-built, cloud-based solutions allow states and agencies to quickly operationalize “No Wrong Door” access into LTSS. As more states move toward a “No Wrong Door” approach to accessing long-term services and supports (LTSS), it is critical that the technology supporting “No Wrong Door” agencies facilitates key functions such as person-centered options counseling and streamlining access to LTSS programs while providing optimal experiences for both consumers and agency professionals.*

1:15 pm: Mobile Level 2 Assessments – *See the latest in cutting-edge mobile assessment technology. With more professionals than ever needing to conduct assessments of aging consumers in homes, hospitals and other care settings, the use of smarter assessment technology is key to productivity in the field.*
