BILL NO: H.4950

(Reference is to Printer's Date 04/05/18-S.)

Senator MARTIN proposes the following amendment (4950R003.KMM.SRM.DOCX):

Amend the bill, as and if amended, Part IB, Section 34, DEPARTMENT OF HEALTH & ENVIRONMENTAL CONTROL, page 373, after line 5, by adding an appropriately numbered new proviso to read:

/34. . (DHEC: Family Planning Organization Inspections) The Department of Health and Environmental Control will inspect any organization receiving state family planning funds monthly to ensure that the organization provides abortion services where the mother's medical condition is one which, on the basis of the physician's good faith judgment, so complicates the pregnancy as to necessitate an immediate abortion to avert the risk of her death or for which a delay will create serious risk of substantial and irreversible impairment of major bodily function. DHEC shall immediately notify the Department of Health and Human Services where an organization receiving state family planning funds is found to have provided an abortion other than as described above. An organization receiving state family planning funds found to have performed an abortion other than as described above shall no longer qualify as a recipient of state family planning funds on the 1st of the month following DHEC's report to DHHS. /
