Dear Governor Niki Haley

May 8, 2014

I would like to give you a Commendation for the "Outstanding" job you have been doing for the State of South Carolina. I read about the Negativity you receive in the Newspapers, but I treat it as Trash, and little "Respect" for all the "Great" things you do for us. You are Honest, Dedicated, Hard-working, and very Caring about the people you represent.

Our Country needs a Great Woman as you to straighten out the mess we are, and have been in, for the past years. I wish you would run for President. If not you, maybe Sarah Palin?

I also like the way you stood up for Gun owners, having a Handgun yourself. I think every sensible Woman Should own, and know how and when to use it. When I lived in Florida, former Honorable Discharge Military, I had background check, but didn't need to pay, or have Class Training.  
(OVER PLEASE)

The money I saved for un-necessary training, I could afford the Concealed Weapon Permit, which I agree is necessary. Why can't South Carolina give Vets the same benefit?

Thank You again for being an Honest, Dedicated Governor.

Robert L. Morton
