Ok i am no history teacher but the north had a flag and the south had a flag. Now its a bad flag, well if you remove the CSA flag than have all wooden crosses removed as well. They was use as kkk symbles as well. The history is the one that is failing. I think all these organizations like kkk, NAACP, black lives matter, ect should be disbanded, its like when something bad happens they make it worse, i remember a church protesting all the falled heros but NOTHING was ever done, but now this.
