Robert Dinkins the park ranger at Lake Hartwell State park is a sorry representative of the SC State parks system. He would rather make excuses than take action, when danger presented itself in this park he was sleeping, he should have been the first line of defense for public safety but instead we had to protect ourselves from someone attempting to enter campers and take personal property. This person was not a registered camper and the park ranger Robert had spent so much of his time sitting in the office he had no awareness of who should have been in the campground or not. Our group has been camping in state parks since 1979 and never had an issue until Lake Hartwell State park and Robert Dinkins
