Dr. Paul A. Talmadge
Mr. Bowen M. Wakefield
Ms. Teresa J. Wright

Mr. Beebe called the meeting to order and asked the chairman of the Election Commission to present their request concerning the purchase of a voting system for Anderson County. Mr. McClure informed the Council that the Election Commission would not be able to wait until July 1 to purchase a new voting system for the county, because it would take 90 - 120 days for delivery and time to train workers would be very limited. He said that State Comptroller General Earle Morris had talked with several members of Council about the possibility of 75% funding from the State to help pay for the pilot project. Members of the Legislative Delegation stated that they believed that the money would not be available and recommended to Mr. McClure that the Election Commission go ahead with the purchase of the punch card system. Mr. Rhodes asked that the members of the Election Commission talk with Comptroller General Morris before they made a decision. After some discussion, Mr. McClure informed the Council that the Election Commission would recommend that the punch card voting system be purchased immediately. Council received all remarks as information and a vote (decision) would be made at the 7:00 meeting.

Council adjourned at 6:30 a.m.

Respectfully submitted,

Linda
