Subject: We're Teaming up To Help America Plan for Retirement

Dear Colleague:

For more than 80 years, Social Security has provided information, tools, and resources to help our customers secure their future. This year, we're teaming up with the U.S. Department of the Treasury to expand our efforts to encourage financial readiness. We've created our new web graphics, social media posts, and other ready-to-publish materials.

We're calling our joint campaign "Envisioning a Secure Financial Future." We're marshaling our communication resources to help you:

- Find out what to expect from Social Security by creating a free [my Social Security account](#). This secure account allows you to view your future benefits. It also allows you to verify your earnings history. Verifying your earnings is important for accurate calculations on earnings. [Get campaign materials.](#)
- Learn about starting a [myRA](#). For people with no workplace retirement plan, this alternative is a safe way to start saving in government bonds. [Get campaign materials.](#)

Together, our agencies are helping more Americans realize their vision of a secure financial future.

Thank you for your support!

Sincerely,

J. Jioni Palmer
Associate Commissioner for External Affairs
(T) 410-965-1804
