Gwynne,

The concussion standards are on the CDC's website, our website, and an email is going out tomorrow to all school nurses and administrators. DHEC cannot support an unfunded mandate and cannot support this bill.

I know Jonathan is letting everyone know and I texted Rep. Sellers, but I wanted to let you know since it is you. I'm at an EPA meeting through tomorrow, but call me if you want to talk.

Jonathan,

The first document is what Pierce (Education Subcommittee Staff) sent to Legislative Council that will go to Full House Education Committee.

The Senate bill will look more like the second document that is attached, Concussion Amendments House Ed Sub 2-27-13.

Apparently there were two different versions of the amendments. My understanding is that there will be a full committee amendment that will look like the second document.

If it's confusing, please call me. I'll be happy to explain.

Gwynne:

Thank you for the e-mail. I have already sent what the subcommittee adopted to Legislative Council. A copy is attached.

I do not believe that the title can be amended. If you need any other changes, we will have to introduce at full committee.

Thanks,
Pierce

Sorry, you all. It took me a bit to get back to the scanner.

Here is the draft that Maggie had at the Committee meeting.

Pierce, I do see a couple of technical corrections that need to be made in the title. I will quickly summarize and get back to you.

Thank you all,
Gwynne
