See CG Office response below contained within your email questions. It appears there is a balance of approximately \$131,000. I've obtained and attached the recovery audit report dated 12/31/13.

I'm looking back at the Recovery Audits proviso – it says that funds collected (after paying the vendor) will be remitted to a special fund subject to future appropriation. Has anything actually been collected at this point? **Yes** Do you have any balance information? **Total recovered is approximately \$131K** Thanks.
