PLEASE READ & SHARE: We vetoed H.5011 because it allows local governments to increase taxes on citizens without a public vote. Let your legislators know any vote like this should have a referendum. While this bill is meant to affect Horry County, it will affect ALL counties and all legislators are required to vote. We will post the vote of all legislators. Please contact your Senators and House members and tell them to sustain the veto, no local tax increases without voter approval: <http://goo.gl/u7nhW>
