### Stop Dumping Trash On Our Roads

We have noticed recently that our beautiful roads have become dumping grounds for almost any type of trash. I have seen mattresses appliances, old tires, tons of discarded fast food wrappers, plastic bottles, cans, coffee cups and pretty much anything you can imagine just left or tossed on the side of the road. It seems that people just pull over, have lunch and then just drive away leaving all of their garbage behind. The litterbugs responsible for tossing trash know who you are and maybe it is time to dispose of these items at a proper designated area such as the dump or a garbage can. We find this very disheartening and sad to see we are so fortunate to live in such a lovely scenic area that is fast becoming an eyesore littered with garbage. Please make an effort to take your garbage with you. Depose of it properly and leave our beautiful roads the way we enjoy seeing them, litter free. Littering is against South Carolina Law and applies to everyone. Do your part - do not litter.

TO WHOM IT MAY CONCERN.

WOULD SOMEBODY PLEASE DO SOMETHING ABOUT THE LITTER PROBLEM IN THIS STATE! I LIVE IN CLARENDON COUNTY AND YOU CAN'T GO DOWN A ROAD HERE WITHOUT SEEING ALL KINDS OF TRASH. IT IS APALLING TO SAY THE LEAST. I HAVE WRITTEN LETTERS & MADE PHONE CALLS TO DIFFERENT PUBLIC OFFICIALS WITH NO REAL EFFORTS TO SOLVE THIS PROBLEM. I HAVE LIVED IN OTHERS STATES AND CAN HONESTLY SAY IT IS THE WORSE I'VE SEEN.

PALMETTO PRIDE DOES SOME GOOD BUT IT NEEDS SOME SERIOUS LEADERSHIP. YES, THEY CLEAN UP INTERSTATE 95 & 26 BUT THE REAL PROBLEM IS OUT IN THE RURAL AREAS & COUNTY ROADS. WE NEED STRONGER ZONING LAWS & ENFORCEMENT EFFORTS.

IN CLOSING WOULD SOMEBODY PLEASE GET SERIOUS ABOUT THIS PROBLEM IN OUR STATE & CLEAN IT UP!

RESPECTFULLY YOURS,
