I would hope Governor Haley; You would open our market up on Hemp and let us make all biodegradable products with no poisons or chemicals. Oil byproducts in products are killing people each year!

EnviroTextiles, LLC is the manufacturer and importer of over 100 hemp fabrics world wide and a leading consultant for the Colorado hemp industry. We stock the finest collection of natural fiber fabrics from China, Romania, the Eastern Bloc of Europe, and parts of Mexico. Many of these fabrics are used by designers such as Ralph Lauren, Versace,

Volkswagen VW motor company and many others. As ~~the manufacturer and importer, we can provide the best possible pricing on our~~ wholesale hemp fabric collections and finished promotional products.

EnviroTextiles located in Glenwood Springs, Colorado, is a pioneer in sustainable textiles, specializing in hemp fabric and a variety of organic fibers.

Our one of a kind sustainable textiles, natural fabric, and natural fiber products are used to manufacture eco-friendly clothing, furniture, bath and personal products, also construction finishing materials. All of our products are made from organic sources, which include our hemp, agave cactus, coconut fiber, and others. We currently provide wholesale hemp fabric, yarns, and finished products to over 70 countries around the world. Orders ship from our central location in Colorado to your destination within the U.S., Canada, and abroad. For large production orders we ship direct from our Chinese location to yours.

Additionally, each product must pass a ***Sustainable Biodegradable Products Certification***. The SBP® certification label informs the consumer about each step that takes place

when a product is made, from the raw materials used to the labor conditions involved. We are proud to offer full transparency for the life cycle of our products. All certifications offered are listed within our transparency and where they fit in. We are industry leaders in the effort to improve corporate responsibility and transparency in manufacturing processes and labeling. EnviroTextiles personally manages each of our suppliers across the globe and also provides these communities with jobs, infrastructure, and community support.

Our Hemp Fabric Collection includes: Canvas, Twill, Muslin, Plain Weaves, Jersey Knit, Hemp Fleece, Specialty Weaves, Apparel and Heavy Duty Upholstery Weight Fabrics.

Envirotextiles, LLC is a proud member of the following associations and certifications:

In an effort to make our hospital environments less "sick", EnviroTextiles is developing an initial product line of organic hemp medical supplies for wholesale customers. The goal of these new products is to reduce the spread of bacteria such as staph through the use of hemp fabrics with naturally inherent anti-bacterial properties. More information is available if you view our [case study on hemp vs staph](#).

Hospitals and interested parties can sign up for more information to learn about joining our beta group of healthcare professionals. The following products are in development or currently available. If you need a product that is not on our list please let us know in your message on the form below.

- Scrubs
- Sheets
- Towels
- Lab Coats
- Privacy Curtains
- Robes
