Subject: Syrian Refugees

Governor,

We have seen your plan to accept "refugees" into our state. Please look at the issues in European countries where this has started. These are men 18 - 30 years old. These are not refugees, but an invading army willingly let in. SC residents DO NOT want them here. Please stop this before any of them get here. Bringing them here will put my family and all others at risk. Tell Obama NO. Thank you.
