Hello, my name is Jordan Milligan. I am from Des Moines, Iowa and attend East High School as well as Central Campus and am dual enrolled at DMACC (Des Moines Area Community College).

I am writing this letter in hopes to receive a signed/autographed picture from you! It would be very deeply appreciated as I student teach in a civics class and a signed picture from a political figure would be an awesome artifact to bring into the classroom, as well as an amazing thing to have for a future public service member/teacher. These are also things I collect and I would be honored and grateful to add your picture to a few others I have of other political figures. I hope to get an autographed picture from you! Thank you for your time in opening and reading this request letter!
