Subject: Freedom of Information Request

Dear Ms. Polatty:

We are requesting a copy of the DME Fee schedule which includes the allowable amount of the actual item (not only the dollar amount). SC DHHS removed this in the past, this information should not be hidden. Please forward this in PDF or Excel format to this email address.

SECTION 30-4-15. Findings and purpose.

The General Assembly finds that it is vital in a democratic society that public business be performed in an open and public manner so that citizens shall be advised of the performance of public officials and of the decisions that are reached in public activity and in the formulation of public policy. Toward this end, provisions of this chapter must be construed so as to make it possible for citizens, or their representatives, to learn and report fully the activities of their public officials at a minimum cost or delay to the persons seeking access to public documents or meetings.

SECTION 30-4-20. Definitions.

(a) "Public body" means any department of the State...

Thanks you for your cooperation.
