The best compliment we can receive is when a company already in our state decides to expand here. We couldn't be more excited that Michelin North America is making a \$270 million investment and creating 350 new jobs in Spartanburg! An important partner for over forty years Michelin has helped make our state the tire capital of the world making and selling tires for every type of vehicle!! For more information please visit: [www.michelinman.com](http://www.michelinman.com)
