Social Distancing:

Park Staff & Our Visitors

Our staff takes pride in being customer friendly and approachable, but during these uncertain times, we must take precautions to protect their safety and well-being, as well as that of our park visitors.

- Park staff and visitors should stay six feet apart and avoid handshakes, hugs and other physical contact.
- Park staff and visitors will be encouraged to limit group size to less than 3.
- We will be shutting park gates more frequently as carrying capacity dictates in order to allow for visitors and staff to maintain social distancing guidelines.
- Park staff and visitors should follow the CDC guidelines for good handwashing and hygiene at all times:

Wash hands often for at least 20 seconds with soap and water. While park staff is doing their very best to ensure soap is available in all restrooms, visitors are encouraged to bring their own soap or hand sanitizer.

Avoid touching your eyes, nose and mouth.

Park staff and visitors who feel sick should not work or visit state parks.

We are happy to be able to provide a location for people to get outdoors during this time. We are all part of the solution and working together, we can ensure parks remain open during these times when parks are needed most. For more information, please visit: [cdc.gov](https://www.cdc.gov) or [scdhec.gov](https://www.scdhec.gov).
