Gov. Nikki Haley Requiring State Agencies To Report Assets

COLUMBIA, S.C. – Governor Nikki Haley today issued Executive Order 2013-09, compelling all executive agencies to create and report an inventory of their respective assets to the Budget and Control Board.

The Executive Order requires all agencies to become compliant with Section 1-11-58 of the South Carolina Code of Laws and Proviso 118.2, which mandates each state agency to perform a detailed, annual inventory and prepare a report of all real property to be submitted to the Budget and Control Board. The Division of General Services will use these reports to create a comprehensive inventory, to help determine excess real property in an effort to consolidate assets.

A copy of the executive order is attached.
