Subject: Staff Meeting

---

LG and I extended our Greenville time today, and so I've asked Darryl to lead a staff meeting tomorrow there in the Statehouse. I just want everyone to catch up with the many new things added since Monday. Darryl will come over at 1, and y'all take it from there. Thanks

P. S. - Tom Lindquist is the CEO of Molina Healthcare in N. Charleston. They're an MCO here in SC, and he attended the RLGA in Charleston. He's eager to host LG and show him their facility and talk healthcare. He's confirmed that 4pm on the 5th will be a good time for a visit. I'll send the contact information to Lily, when he sends it to me.
