Subject: One SC Flood Relief Fund

Holly – Please approve.

Kim – Please forward to all of the county emergency managers and please include the two attachments:

County Emergency Managers,

This week, Governor Haley announced the One SC Flood Relief Fund (formerly The SC Flood Relief Fund), a fund to help flood victims repair or rebuild their homes. Many mayors and local leaders also support this Fund. The private funds will help fill the gap between available resources and the unmet home repair needs of flood victims in the 24 IA declared counties. The fund will administer grants for purchasing building supplies to nonprofits and other groups capable of the labor and skills for home repair – among other housing related needs. The goal is for all South Carolinians affected by the flood to live in safe, habitable homes.

For more information, see attached and also visit www.onescfund.org.

At this time, we would like your help in spreading the word for all South Carolinians to donate as little or as much as they can. Once a sufficient fund is established, we hope that you will also encourage the VOADs and other nonprofits in your communities to apply.

If you need more information about the fund, please let me know.

Thank you,

Rebecca
