

Kittie Wells Watson

Nov. 5, 2015

Dear Governor Haley,

There are times when our thoughts of admiration need to be expressed. Thank you for the remarkable leadership you have demonstrated over the last few months with the tragic shooting in Charleston and 1000 year floods.

Your proactive response, agility and compassion have modeled servant leadership that has allowed for healing as well as the foundation to rebuild our great state of South Carolina.

As a certified woman-owned business, I

innodect®

Have been one of your supporters, and now I am a raving fan! If there are ways that I or the Greater Women's Business Council can support you and your efforts, we are a group who empowers and equips women from growth, job creation, etc. I'm on the Board for SC, GA & NC as well as the 2015 Business Start & 1st in SC!

Thank you for your support of business, encouraging others to build in SC and your vision for a sustainable future.

With gratitude and admiration,

Kettie Watson

PS my great grandfather was Governor of SC during the depression!
