One session with DSS and I have already developed a split personality. Help us all!

Haha, got it once I re-read it. I thought you were saying that you and someone else were supportive of the bill and the amendments. Thank you.

That we support the bill generally and support the amendments.

The bill, with amendments, does a couple of things:

- 1) Increases training requirements for family homes from 2 hours to 10 years a year
- 2) Codifies current Department practice of doing a background check on anyone over the age of 15 who moves into the home after registration
- 3) Gives DSS greater ability to consider a home's past history with Department in evaluating renewals of registration.

When you say we are "both" supportive, who are you talking to about? What does the bill with amendments do?

We have been working almost daily on amendments to it right up to about an hour ago. We are both supportive of the bill generally and supportive of the version that came out of Committee.

Holly,

I know you have given me feedback on all of these bills at some point and probably multiple times, but because they were reported out of Senate Committee yesterday, I wanted to run them by you one more time. My apologies for the duplicative requests, and thank you for your assistance.
