OMB Circular A-133 Reports

Year ended June 30, 2002

(With Independent Auditor's Reports Thereon)

EIN# 57-6000254

State of South Carolina

Office of the State Auditor

1401 MAIN STREET, SUITE 1200
COLUMBIA, S.C. 29201

THOMAS L. WAGNER, JR., CPA
STATE AUDITOR

(803) 253-4160
FAX (803) 343-0723

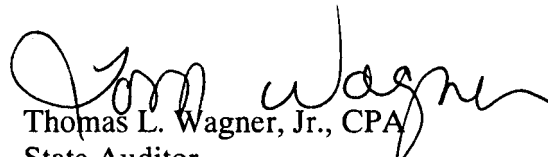

March 27, 2003

The Honorable Mark Sanford, Governor
and
Members of the Board of Trustees
Clemson University
Clemson, South Carolina

The report on compliance and internal control over financial reporting, and the report on compliance and internal control over compliance applicable to each major program of Clemson University for the fiscal year ended June 30, 2002, were issued by KPMG, LLP, Certified Public Accountants, under contract with the South Carolina Office of State Auditor. These reports are an integral part of an audit performed in accordance with *Government Auditing Standards*, and should be read in conjunction with the basic financial statements of Clemson University for the fiscal year ended June 30, 2002, issued by KPMG, LLP, Certified Public Accountants, dated September 6, 2002.

If you have any questions regarding this report, please let us know.

Respectfully submitted,

Thomas L. Wagner, Jr., CPA
State Auditor

TLWjr/trb

CLEMSON UNIVERSITY

Notes to Schedule of Expenditures of Federal Awards

Year ended June 30, 2002

(1) Basis of Presentation

The accompanying schedule of expenditures of federal awards (the schedule) includes the federal grant activity of Clemson University (the University) and is presented on the accrual basis of accounting. The information in the schedule is presented in accordance with the requirements of Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in the schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

(2) Summary of Significant Accounting Policies for Federal Award Expenditures

Expenditures for student financial aid programs include the federal share of students' Federal Supplemental Educational Opportunity Grant (FSEOG) program grants and Federal Work Study (FWS) program earnings, certain other federal financial aid for students and administrative cost allowances, where applicable.

Expenditures for federal research and development programs are determined using the cost accounting principles and procedures set forth in OMB Circular A-21, *Cost Principles for Educational Institutions*. Under these cost principles, certain expenditures are not allowable or are limited as to reimbursement.

(3) Federal Perkins Loan Program (CFDA Number 84.038)

The Federal Perkins Loan Program is administered directly by the University and balances and transactions relating to the program are included in the loan fund of the University's financial statements. The balance of loans outstanding under the Federal Perkins Loan program was \$6,888,535 as of June 30, 2002.

(4) Matching

Under the FWS program, the University matched \$182,114 in total compensation for the year ended June 30, 2002 in addition to the federal share of expenditures in the accompanying schedule of expenditures of federal awards.

Under the FSEOG program, the University matched \$118,033 in funds awarded to students for the year ended June 30, 2002 in addition to the federal share of expenditures in the accompanying schedule of expenditures of federal awards.

**Independent Auditors' Report on Compliance and on Internal Control Over
Financial Reporting Based on an Audit of Basic Financial Statements Performed
in Accordance With *Government Auditing Standards***

Mr. Thomas L. Wagner, Jr., CPA
State Auditor
State of South Carolina
Columbia, South Carolina

We have audited the basic financial statements of Clemson University (the University) as of and for the year ended June 30, 2002, and have issued our report thereon dated September 6, 2002. As discussed in the notes to the basic financial statements, effective July 1, 2001, the University adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements — and Management's Discussion and Analysis — for State and Local Governments*; GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*; GASB Statement No. 37, *Basic Financial Statements — and Management's Discussion and Analysis — for State and Local Governments: Omnibus*; and GASB Statement No. 38, *Certain Financial Statement Disclosures*. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the University's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the University's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements and not to provide assurance on internal control over financial reporting. Our consideration of internal control over financial reporting would not necessarily disclose all matters in internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the basic financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the State Auditor, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Auditors' Report on Compliance With Requirements Applicable to
Each Major Program and on Internal Control Over Compliance in Accordance With
OMB Circular A-133 and on the Schedule of Expenditures of Federal Awards**

Mr. Thomas L. Wagner, Jr., CPA
State Auditor
State of South Carolina
Columbia, South Carolina

Compliance

We have audited the compliance of Clemson University (the University) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2002, except those requirements discussed in the third following paragraph. The University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the University's management. Our responsibility is to express an opinion on the University's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the University's compliance with those requirements.

In our opinion, the University complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2002, other than those requirements discussed in the following paragraph.

We did not audit the University's compliance with requirements governing maintaining contact with and billing borrowers and processing deferment and cancellation requests and payments for the Federal Perkins Loan program. Those requirements govern functions that are performed by AMS Servicing Group (AMS). Since we did not apply auditing procedures to satisfy ourselves as to compliance with those requirements, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on compliance with those requirements.

AMS' compliance with the requirements governing the functions that it performs for the University was examined by other accountants whose report has been furnished to us. The report of the other accountants indicates that compliance with those requirements was examined in accordance with the Department of Education's Audit Guide, *Compliance Audits (Attestation Engagements) of Federal Student Financial Assistance Programs at Participating Institutions and Institution Servicers*. Based on our review of the service organization accountants' report, we have determined that all of the compliance requirements included in the *Compliance Supplement* that are applicable to the major program in which the University participates are addressed in either our report or the report of the service organization accountants. Further, based on our review of the service organization accountants' report, we have determined that it does not contain any findings of noncompliance that would have a direct and material effect on the University's major program.

Internal Control Over Compliance

The management of the University is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the University's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Requirements governing maintaining contact with and billing borrowers and processing deferment and cancellation requests and payments for the Federal Perkins Loan Program are performed by AMS. Internal control over compliance relating to such functions was reported on by other accountants in accordance with the Department of Education's Audit Guide, *Compliance Audits (Attestation Engagements) of Federal Student Financial Assistance Programs at Participating Institutions and Institution Servicers*. A copy of the service organization accountants' report has been furnished to us. However, the scope of our work did not extend to internal control maintained at AMS.

Our consideration of internal control over compliance would not necessarily disclose all matters in internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards

We have audited the basic financial statements of Clemson University as of and for the year ended June 30, 2002, and have issued our report thereon dated September 6, 2002. As discussed in the notes to the basic financial statements, effective July 1, 2001, the University adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements — and Management's Discussion and Analysis — for State and Local Governments*; GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*; GASB Statement No. 37, *Basic Financial Statements — and Management's Discussion and Analysis — for State and Local Governments: Omnibus*; and GASB Statement No. 38, *Certain Financial Statement Disclosures*. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the State Auditor, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

CLEMSON UNIVERSITY

Schedule of Findings and Questioned Costs

Year ended June 30, 2002

(1) Summary of Auditors' Results

- (a) The type of report issued on the basic financial statements: **unqualified opinion**
- (b) Reportable conditions in internal control were disclosed by the audit of the basic financial statements: **none reported** Material weaknesses: **none**
- (c) Noncompliance which is material to the basic financial statements: **none**
- (d) Reportable conditions in internal control over major programs: **none reported**
Material weaknesses: **none**
- (e) The type of report issued on compliance for major programs: **unqualified opinion**
- (f) Any audit findings which are required to be reported under Section .510(a) of OMB Circular A-133: **no**
- (g) Major Federal programs: **student financial aid cluster (various CFDA numbers), research and development cluster (various CFDA numbers), and cooperative extension service/Smith-Lever (10.500)**
- (h) Dollar threshold used to distinguish between Type A and Type B programs: **\$1,845,000**
- (i) Auditee qualified as a low-risk auditee under Section .530 of OMB Circular A-133: **no**

(2) Findings Relating to the Basic Financial Statements Reported in Accordance with *Government Auditing Standards*: none

(3) Findings and Questioned Costs Relating to Federal Awards: none
