Don't forget! Our fall foliage reports are posted on our website each and every Wednesday: <http://bit.ly/SCFallFoliage> Thanks for the awesome shots of Table Rock, shared from Upcountry South Carolina!

### Upcountry South Carolina

The colors are on their way at Table Rock State Park! The top of the mountain has more color than the lower parts. Another week or so and it should be peak. Thanks to our friend Melody for these great shots! #UpcountrySC
