Dear Governor Haley,

With your tepid, noncommittal "support" of the Republican presidential nominee, you are running dangerously close to losing my vote for your future candidacy. You, a national Republican leader, should not offer a weak endorsement of the "better of the two candidates" thrust upon us by the people's overwhelming choice. I cannot believe you can think that makes your standing stronger with the citizens of your state. IT DOES NOT!

Sincerely,

William T. James III
