Here you go Abby.

Quote from Governor Nikki Haley, "Greer Middle College and other charter schools like it across South Carolina are truly an inspiration. Your success proves that we no longer have to settle for what we have been told education should look like-- instead we have the option to choose innovative, creative schools that best serve our children and their individual needs."

Ok. Please follow up with us if we don't get it to you by week's end.

Chaney, will you please look up the bill signing we did there. We can probably provide them what they need based on that.

Message I got in IQ:

"Hello, my name is Emily Holt. I am on yearbook staff. This year our yearbook is all about my school's past. A few years ago Governor Haley visited my school, Greer Middle College. I was wondering if she has any thoughts about my school. For example, what did she think about it? How is it special? I would love to put a little excerpt from her in our yearbook. Thank you!  
Emily Holt"

I confirmed NH went on 5/14/12 for a bill signing. I also found this on their school website on the visit:
