Department of Health & Human Services
OFFICE OF THE DIRECTOR

Dear Ms. Forkner:

The Department of Health and Human Services (HHS) and the United South and Eastern Tribes, Incorporated (USETI) are preparing for the Annual Combined HHS Tribal Consultation tentatively scheduled for February 13 -14, 2008, in Washington, DC. Your presence or that of your representative is critical at this meeting.

The consultation is designed to foster the principle of a government-to-government relationship between federally recognized Native American tribes and the federal government. Presidential Executive Order 13175 requires federal agencies to ensure meaningful and timely input by tribal leaders in the development of policies that impact tribes. Consultation provides the opportunity for collaboration with tribal leaders regarding health services and priorities for American Indians and Alaska Natives.

The relationship between tribal leaders and your agency is very important. Our goal this year is to provide outreach to the tribes on policy changes that affect health care services and promote stronger relationships between tribes and agency representatives. In the future, we hope that tribal leaders can go directly to the State agency and have their concerns addressed. If your State is not currently doing outreach, this consultation will be an excellent place to start.

More information will be forthcoming as the plans are finalized. If you have questions, you may contact Dianne Thornton at 404-562-7464. We look forward to seeing you in Washington, DC.

Sincerely,

A handwritten signature in black ink that reads "Amanda Robinson, Director, for". The signature is written in a cursive style.
