SCDEW,SCBCB,SCHAC,US EEOC,OIG and Office of SC Governor:

Disclaimer: No harassment or intimidation or harassment is involved to anyone by no means. Sorry for the timing but due to a personal situation may not be able to respond during working hours at times.

Can anyone explain Barred from Applying because all listed has failed to do so after 20 months of trying to get answers?

Can anyone produce hard written verification of Barred from Applying because all listed has failed to do so after 20 months of trying to get answers?

Can anyone produce computer program application of when Barred from Applying actually took place instead of providing me with a statement that does not support actual events after 20 months of trying to obtain information?

Please provide a response.
