Governor Haley,

Please support traditional marriage in SC and the United States. The ruling in KY is right on and our constitution never gave the courts the right to rule the people. Our people have voted for traditional marriage between a man and a woman and this was for the health and future of families as well as in obedience to the commands of God to procreate. We stand against our image bearer when we support institutions not to be recognized. Common sense must prevail in SC and the US.

Thank you!
