I will see if I can pull the pricing during a break.

Katherine ,

Good morning. I am out of the office today, but I will check tomorrow. Contact me with any questions.

Sincerely,

Hi, Katherine,

The power and data will increase pricing. I would think two ports would work.

Jim, check Tables pricer under power/data section, you should be able to add that to quote.

I am in meetings all day but can check if you have questions.

Thanks.

Thank you for the quotes. All of the information is very helpful.

1. Do you need power/data in the table? If we did include power/ data in the table how does that effect the price of the table?
2. There are some hardware options for your credenza. We would go with the first option for the hardware.

3. The room could handle a larger table if you want to consider it. I have specified a 60" x 192" table (16 feet long) based on number you need to seat.

- What are the visual board measurements? Is there a picture of the board open?
- Can you send me two quotes with the conference table (with power/data and without), the less expensive chairs, credenza, and the visual board?

Thank you,
Katherine

Hi, Katherine,

Attached are the following to help with your project.

1. Room rendering for help with visualization.
2. List/State Contract pricing with Arlington conference and side chairs in Davenport leather.
3. List/State Contract pricing with Arlington conference and side chairs in Essence faux leather (leather look but less cost).
4. List/State Contract pricing for Chair Option B. No side chair selected.
5. Credenza hardware options.

<image001.png>

I have copied Jim Rigdon with our local dealer, Alfred Williams, so he can provide a quote once final items are decided on. Here are some questions to make sure we get you what you need.

1. Do you need power/data in the table? **If we did include power/ data in the table how does that effect the price of the table?**
2. There are some hardware options for your credenza.
3. The room could handle a larger table if you want to consider it. I have specified a 60" x 192" table (16 feet long) based on number you need to seat.

As I mentioned in our call on Friday, I am headed to a sales meeting and will need to call you during a break. Since we have Jim involved, he can help us with getting what you need.

Our lead times are 3 weeks to ship.....meaning we can typically install your furniture 4 weeks after it is ordered.

We appreciate your considering National for your conference room opportunity!

Linda,
Thank you for the follow up call.
Attached are items we are interested in for the conference room.
Can you email prices and delivery times?

Items:
Conference Table
Meeting Chairs – 12 (for the table)
Guest Chairs – 6 (to match the meeting chairs)
Credenza
Visual Board
TV

Can we schedule a possible call for Monday?

Thank you,
Katherine

Hi, Katherine,

Are you there until 5 pm? I can give you a call between 4:30 and 5:00.

Linda,
Please call me at your earliest convenience at 803-767-7583.
I would like to discuss potentially ordering furniture.

Thank you,
Katherine
