WSB Radio / The Resurgent

Erick is a friend of the governor's, and he was one of her earliest supporters, and he has a radio show. He reached out directly to her and Tim originally.

He wants to talk to her for approximately 15 minutes about:

- Importance of SC in the primaries
- Her approach to attracting business to SC
- How SC has moved forward after Charleston

This would be a pre-recorded interview for his radio show to be played later in the afternoon. He would also video tape it.

Allow for a little time for them to visit and catch up.
