

*Hugh W. Johnston*

OCTOBER 26, 2016

The enclosed materials are in support of matters to discuss with you. I cannot stress too much the necessity of as much security that must be used. After 13 years of full time research, I am convinced that if something is not done before the upcoming elections, our country is doomed.

In just thirty minutes I can inform you of a plan that can lead to us taking our country back, However, now is the time we must act.

The people in your State have a great interest in this crisis; I think you could be very effective in solving it.

A handwritten signature in cursive script, appearing to read "Hugh W. Johnston". The signature is written in dark ink and is positioned above the closing text.

Most Sincerely,
