## Larry

To our wedding party, family and friends, Jessica and I would like to thank you for standing by us and showering us with love! To our phenomenal vendors, thank you for your expertise and professionalism! To our guest from near and far, thank you for sharing in our joy. To those that sent gifts, cards, cash app or words of encouragement, they did not go unnoticed. You guys showed up and it truly illuminated the room. Cheers to happiness and new adventure! I can officially retire my Groomzilla cape!
