Correct, SBA normally messages the details of their own programs (loans)... SBA is just now getting on the ground and will have more of a presence in state.

Since the registration process is the same for FEMA and SBA, our big push right now will be to have people in these counties sign up for disasterassistance.gov or calling 1-800-621-FEMA.

Is this a release y'all would recommend we send out of our office? EMD? I just went back and looked at flood releases. Don't think we did a standalone for this SBA loan during that event.

Hi Swati,

On today's report from FEMA, they are reporting that they have referred 2,591 homeowners and 536 businesses to the SBA with 4 homeowner applications already received by FEMA. When a county is declared for Individual Assistance, the full SBA program is activated and contiguous counties are eligible for Economic Injury Disaster Loans (EIDL). I believe there was a press release issued by the SBA yesterday that reflected the two IA declared counties. I have attached a copy of the press release to this email. I believe your office is on the distribution list for the press releases directly from SBA, but I would be glad to work on getting anyone added that would be helpful.

Thanks,
Elizabeth

Do you know the status of SBA loan requests yet? Also, I don't believe I have seen a press release of SBA loan information; I did notice the link on your website. Does Commerce run point on this data?
