Dear Governor Haley,

Congratulations on your nomination as Ambassador to the U.N. You arrive at a time that is pivotal for the development of international relations on public health challenges, such as antibiotic resistance and infectious diseases.

With over 50,000 Members and 50 percent from outside of the U.S., we look forward to working with you and the U.N. in making a positive difference in the scientific community.

Sincerely,

AMERICAN  
SOCIETY FOR  
MICROBIOLOGY
