Sue Ann Tarkenton We will be camping at Huntington Beach State Park during our Spring Break in April. We have never camped at that park and are really looking forward to exploring the whole thing. Is there any place close that rents kayaks? We love to visit Brookgreen Gardens and Atalaya. Wish we could be there for the birthday party.

South Carolina State Parks Sue Ann, you will love it! Every Monday Huntington Beach offers a kayaking program. It is a naturalist guided paddle through the salt marsh. Pre-registration is required. Call the Ed center for more information at (843) 235-8755. Black River Outdoor Center provides the kayaks for the program and will also rent them outside of the program. Their number is (843) 546-4840.
