**Subject:** SC seniors to get home-grown Thanksgiving meals

<http://www.thestate.com/2014/10/31/3780745/sc-seniors-to-get-home-grown-thanksgiving.html>

yes, after reading this I would have liked to been in the loop because they are being served at senior centers  
“though out the month of November”

I wonder who is planning the meal and what efforts are being taken to meet the regulations. I hope the produce is being donated to Senior Catering and other caterers who know the reg's.

The holiday menus for Thanksgiving have all been planned out. This would be considered a substitution if replacing the planned meal.

Thanks,

Katherine
