Custodian of Records  
The Honorable Nikki R. Haley  
Office of the Governor  
1205 Pendleton Street  
Columbia, SC 29201

Dear Custodian of Records:

Pursuant to the South Carolina Freedom of Information Act, I am requesting copies of the following public records in the Office of the Governor of South Carolina:

1. Any and all public records, as that term is described in the South Carolina Freedom of Information Act—excluding any legal correspondence that would violate the attorney-client privilege and excluding any data that might identify individual citizens' private information—reporting on or describing any specific programs or directives or orders or initiatives or pronouncements by the Governor of the State of South Carolina created to track the number of personal bankruptcies filed by citizens of South Carolina caused, or potentially caused by, the Governor's Refusal to Expand Medicaid.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$500.00. However, I would like to request a waiver of fees in that the disclosure of this information is in the public interest. This information is not being sought for commercial purposes.

I would request that you please provide copies of the documents, or, if none are present in the Office of the Governor, then provide a written response indicating so. Thank you for considering my request.

Sincerely,

Greg James German  
(843) 283-1892
