

No drilling PLEASE  
Conservation first!

Enter, not conquer  
Nature's Sanctuaries  
We have destroyed  
so much too soon

We do not support  
off shore drilling  
let us  
dolphin & whale high noon.

Thank you,  
Jim + Jackie Hill

Aiken, S.C. 29803

From broad coastal marshes to mountains and ravines, the Carolinas are blessed with natural resources that are both beautiful and accessible. From the mountains to the sea, the Wildlife Federation is active in promoting sound stewardship of these natural treasures. Through educational programs and public awareness, the Federation works to establish policies which sustain, protect, and enhance the natural systems which give life to us all.
