NEED YOUR FEEDBACK! We are considering a FAMILY GEOCACHING WEEKEND at Hickory Knob sometimes this summer. The event would start on Friday evening and end on Sunday morning. It would be packed with geocaching with some special one-time caches, night geocaching, decorating caches....and more! Fun for the entire family. Our goal would be to keep the price point at a value! Would you be interested in attending? PLEASE provide feedback!

**Bryon Jones** Very interested.

**Gina Garabadian** SYKED!!!! Are leashed dogs ok to bring along (a friendly, well behaved, dopey lab)?

at 14:43:28 on 5/30/2012 UTC

**South Carolina State Parks** Gina Garabadian, dogs are not permitted in the lodging or

lodging areas at Hickory Knob. They are permitted in the campground and other areas of the park.

at 14:51:27 on 5/30/2012 UTC

**South Carolina State Parks** Gina Garabadian, also there are cottages available at nearby Elijah Clark State Park (a Georgia State Park) that do accept pets. It is a short drive (5 mins) to Hickory Knob. <http://www.gastateparks.org/ElijahClark>

at 15:30:53 on 5/30/2012 UTC

**Gina Garabadian** Question: We've never geocached before, but have a Geomate Jr (with preset cache locations in it). Will this work for the weekend, or do we have to have an updateable cache unit? Sorry if this is a dumb question, but I have no idea what I'm talking about until I've done it at least once!
