SC Lieutenant Governor's Office on Aging Letter of Support Draft.docx

Good afternoon Steve. I know you are out of the office until Monday but I wanted to go ahead and send you this information. I was hoping to discuss this with you in person but it doesn't appear that will be possible because of our schedules. I will be out of the office all next week due to having surgery. I have received the following request from the Healthy Brain Research Network committee (of which I am a member) for a grant application letter of support. The HBRN is a committee created by the CDC and they will be applying for a grant to provide dementia outreach to the Hispanic community. The HBRN committee has representatives from various state agencies as well as private entities across the state.

Mark and Anne have both given their "OK" in regards to the LGOA providing a letter of support. However, letters of support are typically reviewed, approved and signed by the Director. Would you please review the attached request and Anne is available while I am out if you have any questions and/or concerns. We have been asked to provide the letter of support by **Monday, January 23** which will be tight.

Thanks so much!

Elizabeth Ford, MA, LPC-I
SC Office on Aging, Program Manager

Subject: SC-HBRN Grant Application Letter of Support

Good afternoon Elizabeth,

As we mentioned at the last SC-HBRN partners meeting the SC-HBRN team is submitting an NIH R01 grant proposal. Attached you will find a PDF of our draft (and confidential) aims page that shares more detailed information. Dr. Friedman spoke with the NIH program officer who is enthusiastic about the proposal and asked that we frame this more broadly about dementia education and outreach (hence the use of the term dementia).

As a partner in the SC-HBRN we are hoping that you can provide a letter of support for this application. We are unsure who the appropriate person at the Lieutenant Governors office would be right now and are hoping you have a suggestion. Attached you will find a draft letter for your use. We are asking that you put the letter on your organization letterhead, have it signed by the appropriate individual, and return to Esther Ruder and Daniela Friedman by January 23rd (both copied on this email).

Please feel free to reach out if you have any questions or concerns.

Thank you in advance,

Kate and Daniela
